# FOUNDER'S MESSAGE

**Mr. Nand Kishore Aggarwal**

(President of Balaji Naturecure Wellness Center)

(Founder of Kanak Nand Kishore College of  
Naturopathy & Yogic Sciences)

“

*Globally, higher education has witnessed a significant change in approach and growth. As part of my vision, I am determined to render yeoman service in naturopathy healthcare to society. The growing interest in natural healing has increased the demand for traditional practices such as naturopathy and yoga.*

”

## Vision

The vision of Kanak Nand Kishore College of Naturopathy and Yogic Sciences is to be a center of excellence in education, research, and practice of naturopathy and yoga, promoting evidence-based natural healthcare for the betterment of society.

The institution aspires to produce competent, confident, and compassionate professionals who are equipped with scientific knowledge and practical skills in natural diagnosis, treatment, and preventive health practices.

It seeks to integrate traditional healing systems with modern scientific advancements, encouraging research, innovation, and community outreach to enhance the quality of life.

The college is dedicated to promoting healthy lifestyles, disease prevention, and holistic well-being, thereby contributing to the development of a healthy, sustainable, and disease-free society.

## Mission

The mission of Kanak Nand Kishore College of Naturopathy and Yogic Sciences is to impart quality education in the field of naturopathy and yoga through a structured curriculum that integrates scientific principles, evidence-based practices, and traditional knowledge systems.

The institution is committed to fostering academic excellence, critical thinking, research orientation, and professional competence among students. It aims to develop graduates who are skilled in natural methods of diagnosis, treatment, and preventive healthcare, with a strong emphasis on drugless therapies and holistic wellness.

The college endeavors to promote ethical values, social responsibility, and lifelong learning, enabling students to contribute effectively to the healthcare system and society at large.
